

Robert Parker
The Wine Advocate

October 2015

The inky purple **2013 Cabernet Sauvignon** displays plenty of **classic creme de cassis and lead pencil shavings** along with some licorice, charcoal and vanilla notes. It is **full-bodied and opulent**, with good integration of **sweet tannin and bright acids**. This wine is still young but approachable, and certainly capable of evolving for **10-15+ years**. Very Pauillac-like (as usual), the **2013 Cabernet Sauvignon Wight** has a similar character, with **loads of creme de cassis, smoke, licorice and graphite** as well as a **full-bodied texture, dense, rich fruit, impressive purity and ripe tannin**. **This is a beauty**. Give it several more years of bottle age and drink it over the following **two decades**. **Both are exceptional wines and realistically priced for high-end, world-class Napa wines.**
